#### 'Nurture, Inspire, Discover, Create'

#### **History Curriculum Vision and Skills**

#### Intent and Design – What are we trying to achieve?

## Vision

#### · As a school we aim to:

• Preparing children for the future through an inspirational curriculum that makes a difference to the world; outstanding character development; exceptional health and well-being.

#### • In History we aim to:

• Teach the children thorugh inspiring and interesting topics and show them that:- The **past has** influenced the **present** and that the **present** will influence the **future**. We encourage and develop their curiosity for the past and its events.

## Motto

- Nurture We care for each other and celebrate our differences, achievements and contributions to the world. We support each other through challenges and difficulties, recognising that the mental health and well-being of both ourselves and those around us is one of the key factors in our happiness and success.
- •Inspire We inspire each other to greater heights through our communication, actions, support and achievements. We take inspiration from the people, places and events all around us. We recognise that whether a situation is good or bad, there is always learning and growth to be gained. These situations inspire us to make positive change a reality.
- **Discover** We are excited to discover new knowledge, skills, people and places. We are open to alternative ideas beyond our own and enjoy exploring the thoughts, conversations and solutions that others bring to different situations and experiences.
- Create We enjoy working together to create new and exciting solutions to make our world a better place. We believe we can make a difference no matter how large or small. Our school is a place where we can experiment and take risks in order that we might better ourselves and the world we live in.

# School Values

- We believe in...
- Developing outstanding character and attitudes to learning in preparation for future challenges in a changing world.
- Promoting physical and mental health in a happy caring environment that is supportive and encouraging.
- Making a difference to the world we live in through creating enterprising solutions to local and global issues.
- Developing social skills and an appreciation of each person's unique strengths, respecting and embracing different cultures, races and religions.
- Fostering a deep sense of care and nurture for the world we live in and the people around us.
- Creating a broad range of inspiring experiences that allows children to develop skills and find their place in the world.
- Working in partnership with our school community and beyond to build brighter futures.
- High expectations alongside a culture of self-awareness, reflection and self-improvement.

# Aims of our History Curriculum

#### •Our inspirational history curriculum will enable..

• We aim to provide the pupils with a high-quality history education that will help them gain a coherent knowledge and understanding of Britain's past and that of the wider world. We aim to inspire pupils' curiosity to know more about the past. We will teach the pupils a sense of chronology, and through this they will develop a sense of identity and a cultural understanding based on their historical heritage and will learn to value their own and other people's cultures in modern multicultural Britain. By considering how people lived in the past, they are better able to make their own life choices today

# Learning Intentions

•At Stathern Primary School we incorporate the statutory objectives of the National Curriculum into our history curriculum. Our topics are based around history chronology and the events of the past, we investigate how the past has had an impact on the lifes we live today. The objective of our different topics is to provide our pupils with a creative, enterprising and inspiring curriculum that provides cross-curricular links and a purpose for learning. Through the topics the children are encouraged to ask questions, enquire, research and problem solve. We provide opportunities for whole class teaching, group work, paired work and individual work.
